

Lpg hot water feed-out vaporizers feeded by steam source

Vaporizzatori gpl feed-out ad acqua calda alimentati da fonte di vapore

WA-S

Capacity / Portata

250/300 kg/h

Options

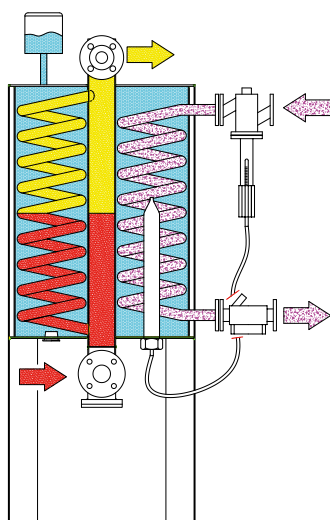

- EEx-d level switch for max gas level
- EEx-d transducers for remote management of temperature and pressure signals
- EEx-d solenoid valves on the inlet or the outlet phase
- EEx-d thermostat for minimum temperature
- Liquid condensation trap

Opzioni

- Interruttore EEx-d di alto livello gas
- Trasduttori EEx-d per la gestione remota dei segnali di temperatura e pressione
- Elettrovalvole EEx-d in entrata e uscita
- Termostato EEx-d di minima temperatura
- Barilotti raccoglicondensa
